**Filter Presses**

DEL owns one of the largest rental fleets of mobile filter presses in the world. We offer a wide assortment of Recessed Chamber Filter Presses. Sizes range from 10 cu. ft. to 200 cu. ft. Call with your specific requirements and allow a knowledgeable and experienced DEL representative to assist you with your equipment needs.

- We offer High and Low Pressure Presses. Max Feed Operating Pressure is 225psi.
- Average number of plates per press is 100.
- We typically use a 3-5 cfm polypropylene cloth for the press.
- We have electric feed pumps available
- Send us a 5 Gallon bucket to get an analysis on the material. We can determine how well the material will press, cycle times and expected product moisture.
